

# Python Bootcamp {2019}

## Instructions

---

You must create a folder with your email informations.

example: [kevin.sabbe@kit.edu.kh](mailto:kevin.sabbe@kit.edu.kh) ⇒ kevin.sabbe

Inside this folder you will create an **author\_file**

The **author\_file** must look like this:

email : kevin.sabbe@kit.edu.kh

firstname : kevin

lastname : sabbe

Inside your folder you will create folder and files as mentioned in the exercices / projects

week01/ex/01\_welcome.py

At the end of each week, you will have to send a zipped copy of your root folder to this email :

[kevin.sabbe@kit.edu.kh](mailto:kevin.sabbe@kit.edu.kh) before **FRIDAY 08:42:00 PM**

**For the projects, the due time is SUNDAY 08:42:00 PM**

**Your root file must contain :**

- a valid **author\_file**
- all the folders with the weeks progress
- every exercices / projects you did complete
